10 th std (SSLC)	KVS High School, Davanagere	87.42%	2013

Technical Skills

Design Tools: SOLID WORKS, ANSYS, CAMD.

Analysis: HYPERMESH.

Academic Projects

“Experimental Investigation on Fracture toughness of Silk and E-Glass reinforced composites”

- Experimenting to specify the Failure load and fracture toughness of Composite material.
- Conducted experiment for comparison of Composite material with Plastic.
- We used Silk and Glass as Reinforcement material and Epoxy resin as matrix

Co-curricular Activities

- Undergone internship in Production and Quality of Machine Tools at HMT Machine Tools Limited, Bengaluru.
- Industrial visit to Sharavathi Hydroelectric project Power Plant in Shivamogga district as a part of the cumulative internal evaluation for Course.
- Participated in the Training programme conducted on 'Hydraulics & Pneumatics' organized by the VTU-BOSCH Rexroth Centre of Competence in Automation Technology, Mysuru.

Work experience

- Currently working as a Project assistant at CGPL, IISC, Bengaluru. (2021-present)

Interested Activities

- Playing Cricket and Hitting Gym
- Yoga, Knowing about current affairs
